With the easing of restrictions from 9th August 2021, arrangements were put in place for the office to re-open in a controlled way from 11th August 2021 – a leaflet was sent out to all residents at that time to set out what people can expect if they call at the office. The measures that we have in place are to keep visitors to the office and staff safe. **Do not attend the office if you have tested positive for COVID, displaying any COVID symptoms or are self-isolating.**

### JUST TO RECAP, THE KEY CHANGES ARE:

- Where possible, please contact the office on **0141 634 0555** (or by emailing [enquiries@nvha.org.uk](mailto:enquiries@nvha.org.uk)) before you visit to arrange an appointment – this means that we can make sure that both an interview room and the relevant staff member are available;
- A controlled entry system is in place at the office door to help us limit the number of people in the reception area at any one time. If you are visiting the office, press the button located on the left-hand side of the door;
- All visitors to the office must wear a face covering (unless exempt);
- There are sanitising stations in the reception area and all visitors must sanitise their hands when coming into the office;
- We have screens in the reception area and interview rooms to protect visitors and staff;
- We will also take the contact details of everyone who visits the office in case they are needed for Test and Protect's contact tracing.

Please also contact the Office to let us know if anyone in your household has tested positive for COVID, is displaying COVID symptoms or is self-isolating. We are unable to send our staff or contractors to your house in these circumstances. When scheduling in work, we will also ask tenants to confirm if any of these situations apply – it is just to try to continue to keep everyone as safe as possible!

## WINDLAW LODGE

Excellent progress is being made on the Windlaw Lodge new build project. There have been a few delays and we are now expecting the development to be complete in January 2022.

# SUCCESSFUL SKIP WEEKEND!

The skip weekend, which started on Friday 23rd July 2021, was again a great success, with skips delivered to numerous locations throughout Windlaw.

By the end of the weekend, we had taken away 22 skips filled with unwanted household items. It was great to see the skips so well used again!

# ANTI-SOCIAL BEHAVIOUR

Any complaints relating to anti-social behaviour should be reported to your Housing Officer on **0141 634 0555** or by emailing [enquiries@nvha.org.uk](mailto:enquiries@nvha.org.uk).

All complaints are investigated and we do not disclose any information about who has made the complaint as part of this work.

To help us effectively deal with complaints, we need the details of who is making the complaint and information about what has been happening (including dates, times and nature of incident). It is also important that residents contact the Police to report anti-social behaviour (for example, excessive noise and criminal behaviour). This all helps us to work to deal with the issues. When contacting the

Police, residents do not need to provide their details if they do not wish to do so.

The Association also works closely with Glasgow City Council's Community Relations Unit to tackle and resolve anti-social behaviour in our area.

# THE GOOD MORNING SERVICE

The Good Morning Service provides telephone befriending and alert calls to older people. Every morning, 365 days a year, Telephone Befrienders call out to members at a pre-arranged time to check that all is well and for a good blether. They take an active interest in people and over time hope to become a good friend on the phone, someone to share a laugh with or simply be there to listen and give emotional support in difficult times.

If the Good Morning Call goes unanswered and the person can't be located they will alert nominated contact persons or the emergency services to a potential health problem. Help will be sent, 365 days a year.

Contact the Good Morning Service on **0141 336 7766** or **0333 101 0036** or email [info@goodmorningservice.co.uk](mailto:info@goodmorningservice.co.uk) for more information.

# WELFARE RIGHTS UPDATE

## POST OFFICE CARD ACCOUNT

Following the decision notified in 2019 to discontinue the Post Office card system, the Department for Work and Pensions and Tax Credits have sent claimants with card accounts a form to complete with their bank account or credit union account details ahead of the end of the Post Office card account contract in November 2021.

If you haven't already opened up a bank account, you need to open one as soon as possible.

## LOW INCOME PANDEMIC PAYMENT

The Scottish Government announced that a one-off £130 Low Income Pandemic Payment (LIPP) would be made by 31 October 2021 to eligible households. The payment will be made if you were in receipt of Council Tax Reduction/Second Adult Rebate, or did not pay Council Tax for one of the following reasons during the month of April 2021:

- You were living in temporary accommodation, including a refuge.
- Your home was unoccupied because you were being cared for or were caring for someone else.
- All members of the household were care leavers, under 18 or severely mentally impaired.

Letters are currently being sent out to everyone who meets the criteria. If you pay your Council Tax by Direct Debit, the payment will be made automatically into your bank account. If not, you will need to fill in your details online once you have received the letter from Glasgow City Council. You must do this by 31st October 2021 or you will miss out. If you need help with this, contact Isabel at the office.

For more information on the payment visit [www.mygov.scot/low-income-pandemic-payment](http://www.mygov.scot/low-income-pandemic-payment).

## BENEFIT 'UPLIFT'

The £20 per week (£86.67 per month) temporary Universal Credit 'uplift' is due to stop in October. Claimants are now being notified via their online accounts of the date of the last payment of their 'uplift'.

## EU SETTLEMENT SCHEME

EU nationals in receipt of benefits who have not applied for the Settled Status scheme may have their benefits stopped.

## CHILD DLA

The national roll out of the new Child Disability Payment is due to commence in November 2021.

Guidance has recently been released regarding the transfer of current child DLA cases (although dates have still to be provided). The first cases to be transferred will be cases where the child is 16 or over, followed by cases where the child is approaching 15 years and six months, with claimants identified within the special rules for terminal illness to be prioritised during the transfer process regardless of age. All other cases are to be transferred between Spring 2022 and Spring 2023.

The claimants being transferred will not be reassessed, will not need to apply for Child Disability Payment, and will receive the same payment on the same day unless, in rare cases, they are entitled to more Child Disability Payment than they received for DLA.

# the Castlemilk PANTRY

## THE CASTLEMILK PANTRY IS NOW OPEN FOR BUSINESS

**The Castlemilk Pantry is a new exciting initiative which aims to help people access healthy and affordable food whilst at the same time is looking after the environment by minimising food waste.**

The Pantry, which is based in the Castlemilk Community Centre, opened its doors on 3rd June 2021.

The Pantry concept operates by giving members who sign up for £1 a year access to around £15.00 worth of goods for a flat rate of just £2.50 per shop. Pantry members are able to shop once per week at the Community Centre on either a Tuesday or a Thursday between 10.00am and 3.00pm.

It is stocked with a wide variety of fresh, frozen, dried and tinned products, with special offers each week. It also sells food purchased from a food redistribution charity called Fare Share.

Ardenglen Housing Association has been the lead organisation for the Pantry, with other organisations, including North View, providing some financial support.

The Castlemilk Pantry is also delivering a service called Pantry Plus, which aims to help support local people across a wide range of areas including money advice, health and employment.

Pantry members and other community groups are also able to access courses and training in areas such as nutrition, cooking skills, food hygiene and food waste.

# MAJOR REPAIRS & PLANNED MAINTENANCE UPDATE

**As restrictions on our daily lives have eased, we have been able to carry out an increasing number of reactive repairs. Tenants have, however, been waiting patiently for the Association to start its Major Repairs Programmes (including bathroom, window and kitchen replacement work) and every effort is being made to do this.**

This has, however, not been as straightforward as we had hoped as delays are being experienced in supply chains due to a shortage of vital materials such as timber and plastic. Over and above this, COVID is still having a huge effect on businesses across the country, with operatives having to self-isolate after contracting the virus or coming into contact with someone who has it.

We understand that this is incredibly frustrating but sometimes things are beyond our control, so we would politely ask you to bear with us during this time. We are making every effort to get these programmes started.

As ever, we are hugely grateful to our tenants for your patience and understanding during these challenging times.

Despite some of the issues outlined above, the Association has recommenced its window replacement programme at Cassiltoun Gardens and work is then expected to move on to Stravanan Terrace.

Work to bathrooms at Birgidale Road has also started and new boilers have been installed in properties on Stravanan Road.

# CONDENSATION

**Now that we are into Autumn, a lot of people will be switching their heating back on if they haven't done so already. This is about the time of year when condensation begins to bite too!**

There is always moisture in the air but the problem is, as the weather gets colder, your windows will get colder so more moisture condenses on them. The situation is made worse if you hang clothes over radiators to dry because as your clothes dry, more water is put into the air in your house, which in turn hits the cold window and condenses. This means that if you dry your clothes over radiators, you are making things worse!

The best thing to do is dry your clothes outside, but that is not always practical. To help keep condensation down, dry your clothes on an airer or clothes horse set up over the bath or shower tray in your bathroom. If you turn on the fan and keep the door shut, that'll help keep down condensation.

It is a good idea to open your windows a wee bit too. That helps improve ventilation which keeps down condensation. It might seem crazy to open your windows and let heat out –

especially when it is freezing outside! You don't need to open your windows wide nor do you need to keep them open all day, but opening your windows a wee bit for a wee while helps - it really does!

Another tip is, when cooking, keep the kitchen door closed to contain the water vapour in the kitchen. If you open the kitchen window and turn on the fan, that'll help remove the water vapour from your house and help reduce condensation! Better still, put a lid over pots when you boil water in them to reduce how much moisture gets into the air.

The trick to controlling condensation is not to generate more water than you have to and to properly ventilate your home. If you do that, you should see a difference.

# REPAIRS - SATISFACTION SURVEYS

Every month, we aim to do follow up satisfaction surveys on 30 reactive repairs completed in that month. Below are the results of the 90 surveys carried out between 1st June 2021 and 31st August 2021:

Thinking about the LAST time you had repairs carried out, how satisfied or dissatisfied were you with the repairs service provided by North View?

<b>Very satisfied</b>	<b>77.8%</b>
<b>Fairly satisfied</b>	<b>20.0%</b>
<b>Neither satisfied nor dissatisfied</b>	<b>1.1%</b>
<b>Fairly dissatisfied</b>	<b>1.1%</b>
<b>Very dissatisfied</b>	<b>0.0%</b>

**97.8% of tenants were very satisfied or fairly satisfied with the repairs service.**

If you are not happy with a repair that has been done or if you are wondering what is happening with a repair that you have reported, please get in touch with our Maintenance Manager, **Ady Tester** at the Office on **0141 634 0555** and tell him about your concerns. You can also email him at [ady@nvha.org.uk](mailto:ady@nvha.org.uk).

# MAINTENANCE PERFORMANCE

Our Key Performance Targets in relation to repairs are set out below - we have done well and performance against the targets set at the start of the financial year has been very good:

That at least 96% of Emergency Repairs be made safe within 4 hours of being reported, and made good within 24 hours	98%
That at least 95% of Urgent Repairs be completed within 3 working days of being reported	95%
That at least 95% of Routine Repairs be completed within 10 working days of being reported	96%
That the average time taken to address an Emergency Repair be no more than 3 hours.	1hr 47mins
That the average time taken to address a Non-emergency Repair be no more than 4 working days.	2.9 days
That at least 85% of our repairs be 'right first time'.	95%

## COMPLAINTS

Complaints about our service fall into two categories – a Frontline complaint (also referred to as a Stage 1 complaint) and an Investigatory complaint (known as a Stage 2 complaint). Frontline complaints are the more common, and they are about things that can be attended to quickly – like a complaint about someone not turning up when they said they would – while Investigatory complaints are generally about more serious issues, although they do include Stage 1 complaints that have been stepped up to Stage 2 because they haven't been resolved.

Our target is to resolve Stage 1 complaints within five working days of receiving the complaint, and Stage 2 complaints within 20 working days of receipt.

Information about the Frontline complaints that we received between 1st June 2021 and 31st August 2021 is set out in following table:

**Frontline complaints received between 1st June 2021 and 31st August 2021**

Number of complaints received	2
Number of complaints resolved	2
The average number of working days that it took to address the complaints	1.5

No Investigatory complaints were received.
